

a shawl pattern by knitboop

Spring into the warmer weather with this boomerang shawl!

"Bom" (봄), meaning "Spring" in Korean, is a quick, asymmetrical accessory that works perfectly as a bold statement piece in your favorite bright colors, or as a transitional layering piece for those cooler Spring evenings.

Simple slipped mosaic stitches are a great companion to a busy brunch out with knitting friends, while the delicate lace motif is reminiscent of blossoming redbud flowers.

Knit out of two colors of fingering weight yarn, Bom is the perfect pattern to use up any leftover skeins you may have in your stash.

#### SIZES: ONE SIZE

Size may be adjusted by adding, removing, shortening, or lengthening any of the sections. But following this pattern exactly will produce a shawl that blocks out to approximately 78" (200cm) wingspan by 16" (40cm) depth.

2 colors of fingering weight yarn: C1: 220 yards C2: 260 yards Suggested yarn: From Me To Yarn Sample is knit in the colorways Unicorn Rave (C1) and Bom Purple (C2).
