## YARN:

Worsted weight.

Suggested yarn:

[Spargur Yarn Co.](#) NSW Merino.

Sample in size E, modeled by Yu Ra and worn with 8" of positive ease, is knit in the colorway Cinnamon Cider.

Economically accessible yarn:

Knit Picks Wool of the Andes Worsted.

Sample in size C, modeled by Yu Ra and worn with 2" of positive ease, is knit in the colorway Persimmon Heather.

## NOTIONS AND TOOLS:

Circular needles in sizes US 6 (4.0mm) and US 7 (4.5mm)

Stitch markers to keep track of pattern repeats

Tapestry needle for weaving in ends

Waste yarn

## GAUGE:

16 stitches and 22 rows after blocking = 4 inches in stockinette pattern using larger needles.

## DIFFICULTY:

Some experience knitting garments may be helpful, but this sweater has been designed as an easy-to-knit beginner pullover.

The sweater is knit top-down and seamlessly in the round.

This pattern heavily utilizes charted instructions!

Don't let the length of this pattern frighten you, though. Simply print out the pages that are relevant to the size that you wish to knit, or download the PDF for the size you want to knit.

## Yoke Increases:

Now you will proceed to work the yoke increases.

You will be working the sleeve, front, and back panels simultaneously.

The stitch markers you have placed in the previous step will help you remember which part of the sweater you are working on.

Beginning with the BOR marker, you will be working the charts as follows:

Sleeve :: Front :: Sleeve :: Body

**Ensuring that you are following the charts for the proper size (sleeve and yoke increase)**, complete charted instructions (found on following pages).

The back panel is uncharted. Simply increase every other row (whenever you increase for the other panels) as such:

K1, kfb, knit across until 2 stitches remain, kfb, k1.

After completing this section, you should have the following number of stitches:

Size A :	51 :: 77 :: 51 :: 77	(total 256 stitches)
<b>Size B :</b>	<b>55 :: 81 :: 55 :: 81</b>	<b>(total 272 stitches)</b>
Size C :	59 :: 85 :: 59 :: 85	(total 288 stitches)
<b>Size D :</b>	<b>63 :: 89 :: 63 :: 89</b>	<b>(total 304 stitches)</b>
Size E :	67 :: 93 :: 67 :: 93	(total 320 stitches)
<b>Size F :</b>	<b>71 :: 97 :: 71 :: 97</b>	<b>(total 336 stitches)</b>
Size G :	75 :: 101 :: 75 :: 101	(total 352 stitches)
<b>Size H :</b>	<b>79 :: 105 :: 79 :: 105</b>	<b>(total 368 stitches)</b>
Size I :	83 :: 109 :: 83 :: 109	(total 384 stitches)
<b>Size J :</b>	<b>87 :: 113 :: 87 :: 113</b>	<b>(total 400 stitches)</b>

Proceed to the instructions for **Sleeve Separation**.

## Sleeve Separation:

Remove BOR marker.

Transfer 51 (**55, 59, 63, 67, 71, 75, 79, 83, 87**) sleeve stitches onto waste yarn.

Using the [backwards cast on method](#), cast on 4 stitches, place marker, cast on 4 more stitches (8 stitches cast on for underarm).

The stitch marker will mark the side of your sweater.

Work row 1 of the **front panel, ensuring that you are following the chart for the proper size**.

Transfer 51 (**55, 59, 63, 67, 71, 75, 79, 83, 87**) sleeve stitches onto waste yarn.

Using the backwards cast on method, cast on 4 stitches, place marker to mark the second side seam, cast on 4 more stitches (8 stitches cast on for underarm).

Knit across back panel until 4 stitches remain.

These 4 stitches should be 4 of the 8 you cast on using the backwards cast on method.

Place a marker. This marker is now the new BOR.

Proceed to the instructions for **Body**.

# NAMU SWEATER

## Body:

Continue with the charted instructions for the front panel.  
 The back panel is knit in stockinette stitch across.  
 Keep in mind that the first and final cables of the front chart occur on the “back” panel of the sweater, past the stitch markers that indicate the side seams.  
 Sections of the charts marked in red are meant to help you keep track of repeats.  
 Sizes A-G will repeat this section three times.  
 Sizes H-J will repeat this section four times.  
 Fully expanded charts are also available.  
 Since this garment is designed to be unisex, there is no waist shaping built into this pattern. However, if you would like a more fitted sweater, you may insert waist shaping into the back panel. For more instructions on how to do so, check out [this article](#) by Amy Herzog.

Work charted instructions once (44 rows).  
 Then, work an additional 14 (**18**, 22, **26**, 30, **34**, 38, **42**, 46, **50**) rows in the established pattern, or until you have achieved the desired length.  
 Switch to smaller needles.  
 Work in twisted rib (k1tbl, p1) around, for 1.75 inches (4.5cm).  
 Bind off loosely. I recommend [Lori's twisty bind off](#), but knitting through the back loop instead of the front.

## Sleeves:

You will now pick up stitches to work each sleeve individually.  
 Using larger needles, transfer the 51 (**55**, 59, **63**, 67, **71**, 75, **79**, 83, **87**) stitches from your waste yarn onto working needles.  
 Pick up underarm stitches as follows:  
 Pick up 5 in knit stitches, pm for beginning of round, pick up 5 in knit stitches.  
 You will be picking up 2 more stitches than what you cast on using the backwards cast on method during sleeve separation. This is to avoid any holes in your underarm stitches.  
 You will now have 61 (**65**, 69, **73**, 77, **81**, 85, **89**, 93, **97**) stitches for your sleeve.  
 Your next row will begin with 5 stitches already having been worked.

You will proceed to the following page for sleeve instructions.

Sizes A-E will use cable motif 1:

Sizes F-J will use cable motif 2:

# NAMU SWEATER

Size A : K20, pm to mark beginning of cable motif, **work row 4 of cable motif**, pm to mark end of cable motif, work to end of round.
